## Mold or Die Change Cart

**Titan**  
MOLD & DIE HANDLING EQUIPMENT

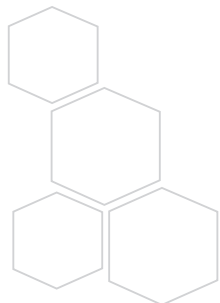

This is one of Green Valley Mfg. Inc's smallest mold/die carts designed for rapid tool changing. This cart includes a 36" hydraulic scissor lift for easily changing molds or dies. Battery powered and fully self-contained, the 1,500 lb. capacity cart features an on-board charger. The 1hp tractor drive moves loads with ease and flexibility. Movable stop bars make securing loads a snap. A wide variety of styles and options

### Features:

- Power lift mechanism for variable height mold/die transfer
- Battery power provides hours of run time without recharging
- Fully automatic battery charger
- DC traction motor/cyclo drive
- Variable travel speed 0-150fpm (forward & reverse)
- Robust industrial controls
- Audio alarm

### Options:

- Powered Serapid ® push/pull device
- Pneumatic traction control
- Lift capacity increased (up to 4k)
- Accordion safety skirt
- Increased battery capacity
- Docking mechanism
- Storage rack systems

1,500 lbs. Capacity
