

MANUFACTURING, INC.

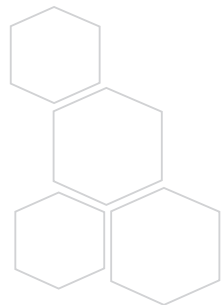

Titan 2104

In-Plant Heavy Load DC Powered Injection Mold Changing Vehicle

Features:

- Four wheel drive (4WD)
- Four wheel steer (4WS)
- Five steer modes
(counter, crab, spin 90° for lateral motion, dock adjusting)
- Linear speed 0-150 FPM infinite
- Mold transferring system
- Transfer height adjustment lift
Min. transfer height 47"
Max. transfer height 65"
- Top deck side to side adjustment
- Hydraulically powered docking latch
- On-board battery charger
- RF technology wireless functions control

90,000 lbs. Capacity
